Mr. James Martin
Regional Administrator
U.S. EPA Region 8
1595 Wynkoop Street
Denver, CO 80202-1129

Dear Administrator Martin,

I wanted to thank you for your quick response to my request last month to meet with Park City representatives to resolve the mine waste dumping issues at Richardson Flat. Your prompt response allowed Park City to move forward with its public transit facility, avoiding any costly delays, and hopefully giving the EPA some workable options for future storage facilities.

Utah and the EPA have a long history of working together on a wide range of environmental issues and I am certain you and I will have multiple opportunities to work together. I would like to extend an invitation to you and your staff to visit my office the next time you are in Washington D.C. While we may not always agree on policy for the state of Utah, I still hope to foster a good working relationship with you and your staff while you are at the EPA.

Next time you are in D.C., please contact my scheduler Jessica Sanford at 202-225-0453 to see if we can set up some time to meet.

Sincerely,

Rob Bishop
Member of Congress
